Home Health Professionals Who Value Your *Reputation*

Refer Your Patients to Professionals and Nurses Capable of Helping Them Get Back on Their Feet

At MD Home Health, we understand the importance of initiating home health care as soon as possible, and how it can make or break the patient's future and their ability to get back to their normal lives.

That's why we've made it our objective to help orthopedic surgeons get their patients connected with the right professionals capable of following up in their recovery journey, and ones who understand the right steps.

The Procedural Recovery Strategies Your Patients Need to Succeed

Physical therapy is centered around return to function and procedure-specific strength and ROM goals. Our professional team of nurses and therapists can help your patients progress through their recovery plan and accurately monitor their growth to keep you in the know.

When working with us, you'll have weekly communication directly with the team responsible for your patients, allowing you to remain in control of your treatment process and ensure that your concerns are addressed correctly.

The Dedicated Teams You Can *Confidently* Refer Your Residents To

One major advantage of working with us is our communication and how much we value staying connected as a team. When working with us, you'll have instant access to our team members and gain immediate insights about your patients and their current state.

By joining us, you'll have punctual, dedicated, and experienced team members at your disposal at all times, helping you provide superior care to all your patients.

On-Demand Home Care to Keep Your Patients on the *Right Track*

Our in-house team of physical therapists can help you ensure your patients a seamless transition from your facility, surgery center, or office to their home. We can help you introduce a proactive treatment strategy that helps them quickly adapt to their new way of recovery.

In addition, our therapists will utilize any specific therapy protocols that you prefer. Our team of trained professionals will ensure that we're always moving in the right direction to help your patients recover as quickly and smoothly as possible.

“

“The physical therapist was wonderful with our mom. He was very patient and had her up and walking. We loved him for mom. No other physical therapist had her up and walking like he did.”

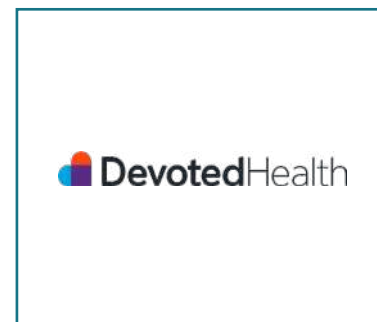

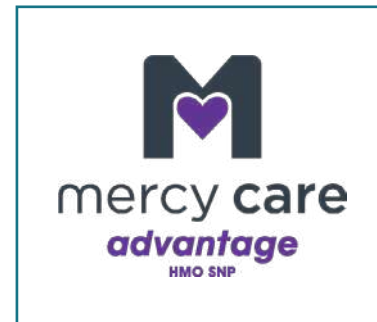

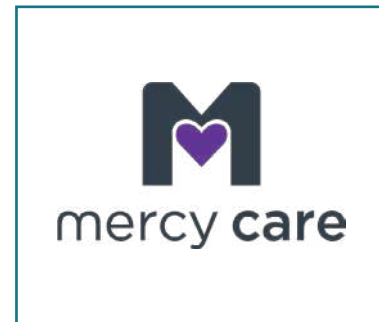

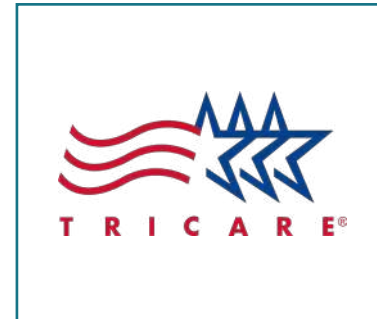

PEGGY

“

“I want to praise my RN and my occupational therapist because they are very smart and competent in their professions – the BEST! They are kind, patient, and respectful. They are wonderful people, and I hope that they can care for me again in the future.”
